**CO₂RE Laser**
A carbon dioxide laser precisely removes outer layers of damaged skin to reveal the underlying skin which is smoother and younger looking.

**Procedure is best for improving:**
- Facial wrinkles
- Scars (surgical/acne)
- Deep wrinkles
- Stretch marks

**VBeam™ Laser**
The gold standard for a wide variety of vascular skin conditions. Treatments are fast with no pain or downtime.

**Procedure is best for improving:**
- Facial spider veins
- Vascular birthmarks
- Warts
- Redness and rosacea
- Scars and stretch marks
- Acne

**Fraxel® Laser Treatment**
Fraxel laser is used for non–ablative skin resurfacing and rejuvenation, delivering remarkable results with minimal downtime.

**Procedure is best for improving:**
- Skin tone and texture
- Fine lines by eyes/mouth
- Brown spots / blemishes
- Scars and stretch marks

**Injectable Fillers**
(Juvederm™, Radiesse®, Restylne®, Voluma®)
Fillers are a popular and widely accepted form of therapy used to correct deep folds or lines in the face.

**Procedure is best for camouflaging:**
- Nasolabial fold lines (nose to mouth)
- Marionette lines (mouth to chin)

**eMatrix™**
Skin rejuvenation that is safe for all skin types. It is effective for fighting the signs of aging, scars and lesions.

**Procedure is best for improving:**
- Acne scars
- Eyelid rejuvenation
- Stretch marks

**Botox® Cosmetics**
An approved treatment that temporarily relaxes the muscles around forehead or mouth.

**Procedure is best for improving:**
- Crows feet and frown lines

**CoolSculpting®**
A non-surgical technology that targets and cools unwanted fat cells. No needles, surgery, or downtime.

**Procedure is best for improving:**
- bumps and bulges of stubborn fat

**Chemical Peels**
- Acne Scarring
- Pigmentation
- Reduce Redness
- Remove Large Pores

**Dermaplaning**
- Rejuvenate Skin
- Exfoliate
- Improve Texture/Tone

**Microdermabrasion**
- Smooth Fine Lines
- Exfoliate
- Even Out Pigmentation
- Clean Enlarged Pores

**Micro-needling**
- Reduce Scarring
- Smooth Fine Lines
- Even Out Pigmentation
- Reduce Stretch Marks

**Photodynamic Therapy and Blue Light**
- Acne
- Rosacea (redness)
- Enlarged Pores
- Skin Texture and Pores
